# Idea of Sanda Euro Opens

The idea of the Sanda Sanshou Euro-Open is based on the philosophy to raise the Fighters in Europe to a good international standard and to extend our fighting horizon. Who are we: Schools from Switzerland, Austria, Italy, Germany, Spain and France that have already been successfully practicing this fighting art for over 8 years.

We fight and conform with the international rules of IWUF. according to the We are on the correct way, that show us rising fighter numbers, and always increasing causes! This way we can offer international referees from all different countries at all Sanda-Sanshou Euro- Open.

The nationality of the fighters, the different style directions of the schools, the federations and organizations do not matter. Important are the rules of the IWUF and the equipment, which have to be to be adhered to at each tournament of this kind.

Each association, federation, school etc.. Tournament can organise, its own Tournament without large editions with the exception of strict adherence to the rules. They can decide themselves on the extent of the tournament, the price money, the kind of price, shows or cups.

What would we like to achieve with this?

- Equal opportunities and rights for everyone who engages himself in this kind of sport as we do without any stumbling blocks!

- Good expandable contacts in other countries and schools, which have elected SANDA Sanshou. Possibilities: training camps, seminars, training as fighting referee, tournaments, shows, etc.

- Increased attractiveness of the tournaments, good for sponsors, media, public and more fighters, international fighters/shows, larger public, income opportunities for the organisers.

- An international Ranking list in the world discipline Sanda Sanshou. Points are assigned per category and rank: 1st rank = 50 Points, 2nd rank = 30 Points, 3rd rank = 20 Points and 4th rank = 10 points.

- At the end of each year we do have one or more Euro-Open winners, which are able to win a cup as well as price money up to €1000. --.

The ranking list is regularly adjusted and can be looked at on the following homepage: [www.pwka.eu](http://www.pwka.eu)

The tournament advertisements, press reports, photos, contacts and addresses are kept

up-to-date likewise.

We look forward to many fighters and schools, which participate at the Euro-Open.

No fighter is obliged to participate in any of the tournaments, but the more tournaments one participates the more points the can gain
